United Kingdom

30 November 2016

Dear Amyas,

Government commitments and/or assurances to Nissan: contingent liabilities

The Treasury Select Committee would be grateful if you could examine whether contingent liabilities have arisen as a result of Government commitments, and/or assurances, to secure the Nissan investment for the UK, announced on 31 October. The NAO might consider doing this work as part of its interim audit of the Department for Business, Energy and Industrial Strategy.

I will be placing this letter in the public domain.

*Yours ever,
Andrew*

**RT HON ANDREW TYRIE MP
CHAIRMAN, TREASURY SELECT COMMITTEE**
